SEEN, HEARD AND TOLD

By W. W. WHITAKER
When he feels like it.

Frank Morrison and Jeff Staten join in the rat race for Sheriff this week. John Willingham gets in with the others for Tax Assessor. Mrs. DuBois, who is not at all crippled, gets into the Circuit Clerk's race, while Rubel Phillips of Corinth gets into the race for Public Service Commissioner of the Northern District. All of them tell their own tales and saved me the sins of lying so much about them. After pocketing the stud fees, we turn their several fates over to the folks of Grenada County, and turn the printing of their cards over to our Mr. Austin, formerly called J. Fred. Dont forget, John Gray running for reelection as county supt.

Read some more of the names of folks who have small equity checks at the CoOp, this week. The rest of the names will appear next week.

These candidates have just about driven me out of the paper.

I will now admit that the county bought the "contraption" after the law was passed which permitted such a purchase. But there is so much "talk" about what it cost that, if I were a party to the purchase, I would dig into the records and publicly announce the cost of the "contraption". I dont know what it cost and dont know anyone who knows what it cost. I do know this: that we taxpayers SHOULD know. I do know that the citizens who have to record "papers" pay twice: once to buy the "contraption" and, again, to record the papers. If I were running for office, as Byron Hunter is, I would not want such a monkey hanging around my neck. I believe I would dig into the official records and publicly state exactly what the "contraption" cost, when it was paid and to whom. I will publish, without further charge, such a signed statement if supplied us by Byron Hunter or by the supervisors.

Actually, the supervisors were the ones who bought the contraption. It is mostly up to them to explain all about it like what it cost, who got the money, etc.

If anybody is on the spot, they are the supervisors. Byron Hunter, and all chancery clerks, are in enviable positions because they can truly say, "I just put down what they (the supervisors, Chancellor or Pension Board) said to put down."

See where Preacher Clarke is soon to leave the Presbyterian Church after ten years and move to a new pastorate in Shreveport. Under his pastorate, many fine changes have been made in the church property and, I hope, in the minds and morals of his members.

Byron Hunter was mighty smart in that he persuaded the supervisors to buy that contraption for his office. Byron did not buy it; the supervisors bought it.

I thoroughly recommend that the citizens of Grenada read the authoritative article by Nelson Douglass in regard to the city-wide bond issue scheduled for next Saturday, March 12. The article answers all questions that have been asked about the proposition. Be sure to read it carefully. If we understand the proposition rightly, most of the money will be used to improve the Negro city schools and it means also that Grenada is going to try to 'do better for the Negroes', something that we should have done a long time ago.

We will have the ballots printed soon. Certainly soon enough for those who will be away to get absentee ballots, etc.

Mabel, Andrew and his family and I went down to Baton Rouge Friday to see Caroline and her kids and came back Saturday. We went by Greenwood then by 82 to Leland, down 61 to Baton Rouge via Vicksburg and Natchez, a distance of 330 miles. Returning, we came over some good secondary roads from Baton Rouge to McComb, then up 51 home, a distance of only 284 miles. Baton Rouge is really a big, important place in the economy of this country and it is growing with leaps and bounds. In West Baton Rouge Parish, for instance, there is soon to be established by the Baton Rouge Port Authority a huge industrial development. The community would be a prime target in case of an atomic attack on this nation. It is just a B I G place, Baton Rouge. (period)

On my return I got a letter from a lady in Pascagoula in which, among other things, she brought up the feasibility of the state lawmakers reducing the filing fees of deeds, etc. to a dollar each, now since the citizens of the counties already own the "contraptions" which take pictures of the papers and nobody has to record such things manually, as was once done. This suggestion is passed on to the lawmakers who seem frantic about doing something.

Mr. Sam F. Kirk of California is the guest this week of his cousin, Mr. Hamp Graves.

GRENADA COUNTY "FARM OF THE WEEK"

Number 43 in a Series of 52

—This Series Sponsored by Jitney-Jungle, Grenada

If this is YOUR farm, you can get, without charge, a nicely mounted picture of the farm, but you must come to the Grenada County Weekly and identify it.

While you are in the GCW office, we hope to interview you and get a story, for subsequent publication, about this property and about your family.

If you need other photographs of the above, either the size shown, or larger, or on postal cards, the GCW can, and will arrange for them. A reasonable charge of course will be made for these reproductions. Let us show you samples.

School Bond Issue Explained By Nelson Douglass

On Saturday, March 12th you will be given the opportunity to approve a bond issue of $375,000.00 to be used for school construction. If the bond issue is approved, the proceeds from the bond sale will be used to build a colored school and a stadium. If Grenada is to maintain segregated schools, we must give the colored people adequate school facilities. We cannot expect their cooperation in maintaining segregated schools unless we do this. Of course, we all realize the need of new white school facilities, but it is vitally necessary that we do something to equalize colored school facilities. During the past several years we have issued $300,000.00 in bonds for use in constructing white schools, while for many years past, the City has spent only nominal amounts in construction of Negro school facilities. The existing colored school facilities have been provided largely through funds granted by the Federal Government during the WPA period and the period when Camp McCain was active.

School laws, as they now exist, provide that the State will help local school districts finance the program to equalize white and colored schools. We feel certain that the present Legislature will finance this program. When this program is set-up and financed, Grenada should receive enough in state grants to take care of the payment of the principal of the proposed bond issue. It is specifically provided, however, by the state law, that a school district can use none of this grant to construct white schools until that district has equalized its colored schools. It will take this bond issue to help equalize our schools.

The school law also provides that all school districts must be reorganized by 1967. Since this is true, we do not know at this time just what extra school facilities we shall need for the white children, but we will know after that reorganization has been completed. In the meantime, we know what we must do to equalize colored school facilities.

School Bond Election Is March 12th

Seeks Public Service Commissioner Post

Rubel L. Phillips, 29 year old Corinth attorney and Circuit Court Clerk of Alcorn County, today announced his candidacy for the office of Public Service Commissioner, Northern District of Mississippi Mr. Phillips is a native of Alcorn County and was elected to his present office in 1951. He was elected President of the Mississippi Circuit Clerk's Association last June.

He is a graduate of Millsaps College and the University of Mississippi School of Law, where he was president of the Law School student body his senior year. He served with the U. S. Navy in the Pacific during World War II and was discharged with the rank of Lieutenant.

Following the War, Mr. Phillips taught in the Alcorn County Agricultural High School before completing his law work at the University. He is active in Lion's work and the American Legion. He is a thirty-second degree Mason and a Shriner. Mr. Phillips is widely known as a lay speaker in the churches of North Mississippi. One of his special interests is Christian Higher Education, and he was one of the most active people in the recently successful campaign to raise a million dollars for Millsaps College.

In making his announcement, Mr. Phillips said, "I intend to bring to the attention of the people the importance of the functions of their Public Service Commission. This I propose to do by waging a vigorous and peprsonal campaign in each county. I earnestly solicit the support of the people of the Northern District of Mississippi."

The Alcorn County Bar Association has unanimously endorsed Mr. Phillips for this office.

Other Candidates Enter Rat Race

Frank Morrison Announces For Sheriff

To The People of Grenada County:

I wish to take this opportunity to formally announce my candidacy for

the office of Sheriff and Tax Collector of Grenada County.

I was born and reared in Grenada County and am 42 years old. For the past 17 years I have lived in the City of Grenada and have been in business for myself ten of those years.

I am married, have a family, and am a member of the First Baptist Church and a Mason.

If elected to the office of Sheriff and Tax Collector, I will enforce the laws to the best of my ability and in a fair and impartial manner.

All of you remember, I'm sure, that I ran for this same office in 1947 and received, though defeated, a very good vote. I would again like to express my aporeciation to those who supported me then and ask your continued support in this campaign. To those of you who could not, for whatever reason, support me in the 1947 campaign, I earnestly solicit your consideration and support in this one.

I am going to try to see every person of voting age in Grenada County, personally, and ask your support; but in the event I should not be able to contact you personally, I earnestly solicit your consideration and support.

Sincerely,
Frank Morrison.

T. J. "Jeff" Staten Announces For Sheriff

To The People of Grenada County:

After careful consideration of this matter, I am announcing as a candi-

date for Sheriff of Grenada County.

I am a native of Grenada County and believe that the majority of the voters of the County know me. Am thirty seven (37) years of age, married and have two children. I am now farming and live on a farm in Beat Four. For eight years I engaged in the business of service station operator in Grenada, during which time I had the privilege of becoming acquainted with most of the people of this County.

I fully realize that I am seeking an important office, and the one which probably affects the welfare of the citizen more than any other office in the County. If elected, I will do my very best to make you an efficient and courteous Sheriff; and I will, without fear or favor, perform the duties required of a Sheriff by the laws of our State.

At the proper time I intend to make a thorough campaign. I will sincerely appreciate your influence and your vote.

Sincerely yours,
T. J. (Jeff) Staten.

Mrs. Theo. T. DuBois Seeks Circuit Clerks Office

I am offering for your consideration my candidacy for Circuit Clerk of Grenada County.

After graduating from Oakland High School I taught twelve years in the public schools of Grenada and Yalobusha Counties. Having attended college at North West Jr., Delta State and Blue Mountain.

For the past three years I have worked seasonally in the Sheriff's office which I regard as pleasant experience, and because of my training and experience feel I am qualified to assume those duties and responsibilities.

If elected to this important office I shall endeavor to give courteous and efficient service at all times.

For your vote and influence I shall always be grateful.

Respectfully,
Mrs. Theo. Tribble DuBois.

Weather Bureau Balloon Found Near Oxberry

Mr. and Mrs. Herman Massey, who live near Oxberry, brought in a funny looking contraption last Friday morning which turned out to be an instrument liberated by a plane of the Weather Bureau on February 12, 1955, and which floated to the ground and landed in the woods near the Massey home.

The Masseys carried it to the postoffice, as the instructions said, and mailed it back to the weather bureau at Joliet, Ill.

What information the contraption contained, nobody here knows, but there is in the gadget some instruments which the officials can interpret.

John E. Gray, Jr. Seeks Re-Election

To The Citizens of Grenada County:

It has been my privelege and honor to serve as your County Superinten-

dent of Education during the present term of office. I am hereby seeking re-election to this office for the coming term.

Although there have been mistakes made during my term of office, I have endeavored to do a job worthy of the honor bestowed upon me. Being familiar with the many changes made in our school laws during the last two years, I feel that the experience and knowledge gained during my term of office will enable me to do a better job than before. The County School Board has made many plans required under the new school laws and having a knowledge of these plans, my re-election will aid in direction of their program.

I humbly seek your support in the coming election for re-election to the office of County Superintendent of Education.

Sincerely yours,
John E. Gray, Jr.

Mr. and Mrs. Durrow Horn and Mrs. Edna Campbell spent Sunday in Memphis visiting relatives and friends there who are ill, including Durrow's nephew, Kenneth Cammack at his home, Dr. R. A. Clanton, at St. Josephs Hospital and Mrs. F. T. Gerard at Methodist Hospital.

Story With Power

Lesson for February 27, 1955

EVERYBODY knows the words "Minister of the Gospel," but not everybody stops to think what they mean. Literally, the title means Servant of the Good News." The minister is a man with a story to tell. There are many words to describe a minister, but in Protestant churches the commonest, probably, is "Preacher." This is a Bible word too and it originally meant some one who announces something. The preacher is not a giver of advice, first of all, but a teller of news. The message of the church, if it is faithful to the ideal Christ intended, is first of all, whatever else it may be, first of all a story of what God has done for men.

Dr. Foreman

Story of a Life

A crank-sided philosopher who did not much care for preachers once made the sarcastic remark that a preacher has a very simple job: all he does is to go to a man and say, "God has told me to tell you that you are a very wicked man. Ten dollars, please!" If that were all that preachers could say, it certainly would not be worth ten cents. Men need to be told that they are on the wrong road, certainly. But they know that, sometimes better than the preacher does. What the church is called on to preach—that is, to proclaim, to tell, to persuade men that it is true—is a story. First of all it is the story of a life, the life of Jesus Christ. The earliest Christian preaching of which we have any record told the story of Jesus. The four Gospels which we now have in writing got started as sermons. What we have before us in Matthew, Mark, Luke and John is what the earliest Christian preachers—who, by the way, were all what we call "laymen"—told

scatter easily. Take Christ out of the church and it soon falls apart in indifference and even bitter quarrels. "We love, because he first loved us," is the secret of right Christian fellowship.

Breaking Barriers

We have many barriers in modern life which divide us into tight groups, misunderstanding and often undermining one another. There are management and labor, urban and rural, adults and adolescents, white and Negro, high and low salary-bracket, and so on. The fact is that none of these barriers is anywhere nearly so strong as was the line, in early Christian times, between Jew and Gentile, or between master and slave. These were simply uncrossable barriers. Master and slave, Jew and Gentile, were not class distinctions, they were ironclad castes. The most astounding thing about the Christian church, in its fresh early years,—astounding even to leaders like Paul—was that these caste-lines had been erased in the Christian fellowship. Jew and Gentile remembered only that they both loved the same Christ who had died for all. Master and slave met as brothers when they became Christians. The sharpest human divisions faded in the light of the cross. So it is today. People who live in segregated churches, whether the segregation-line is economic of Christian fellowships that cross these human lines by the divine force of Christian love.

Questions for Church Members

The final test of a church, whether it is a true church,—whether a particular congregation has a right to call itself a part of Christ's true church,—the final test is that of fellowship. It would be a good idea for church members to give themselves a stiff examination on this line. Do the members of this church treat one another in a more brotherly way than outsiders do? Are social, racial, economic class-lines drawn between this and other churches, even inside the church itself, or is this one place where all meet on the common ground? Do the members share with one another, and if so, what do they share? Is there, for example a sharing in prayer? If one member has had a high experience, do others hear about it? If one needs the other's prayers, is he free to say so, and why? Would a stranger to this church get the impression that this is a group gathered for convenience only, or a genuine fellowship of love?

Your are hereby notified that a complaint in condemnation has heretofore been filed in the office of the clerk of the above-named court in an action to condemn the subordination of all rights, title, and interest in and to all mineral rights outstanding in the land to the prior rights of the United States in connection with the construction, operation, and maintenance of the Grenada Dam and Reservoir Project, providing that any exploration or development of said mineral rights shall be subject to Federal or State Laws with respect to the pollution of waters of the reservoir and providing further that the District Engineer, Corps of Engineers, Vicksburg, Mississippi, or his duly authorized representative shall approve in furtherance of the exploration and-or development of such rights, the type of any structure and-or appurtenances thereto now existing or to be erected or constructed in connection with such exploration and-or development, said structures and-or appurtenances thereto not to be of a material determined to create floatable debris, and providing further in Tract No. 10 that any such exploration, development, production, or removal of said minerals shall be conducted by drilling or boring operations only, and that no drilling or boring operations shall be permitted within 2,000 feet of either toe of the Dam constructed thereon or within 500 feet of any building or other structure situated thereon for use in connection with the project. The property is described in the Exhibit A attached hereto and made a part hereof for public use in connection with the construction, operation and maintenance of the Grenada Dam and Reservoir Project.

The authority for the taking is under and in accordance with the Act of Congress approved May 15, 1928 (45 Stat. 536) as amended by the Act of June 16, 1936 (40 Stat. 1508) and acts supplementary thereto and amendatory thereof; the Act of Congress approved April 24, 1888 (33 U. S. C. 591) and the Act of Congress approved March 1, 1917, as amended (33 U. S. C. 701, et seq.); Section 5 of the River and Harbor Act approved July 18, 1918 (33 U. S. C. 594), and Section 6 of the Flood Control Act approved August 18, 1941 (33 U. S. C. 701c-2) authorizing the United States to take immediate possession of the interest condemned; and the Civil Functions Appropriation Act, 1953, approved July 11, 1952 (Public Law 504 - 82nd Congress) appropriating funds to acquire the interests under consideration.

You are further notified that if you have any objection or defense to the taking of your property you are required to serve upon plaintiff's attorney at the address herein designated within twenty days after March 3, 1955, an answer identifying the property in which you claim to have an interest, stating the nature and extent of the interest claimed and stating all your objections and defenses to the taking of your property. A failure so to serve an answer shall constitute a consent to the taking and to the authority of the court to proceed to hear the action and to fix the just compensation and shall constitute a waiver of all defenses and objections not so presented.

You are further notified that if you have no objection or defense to the taking you may serve upon plaintiff's attorney a notice of appearance designating the property in which you claim to be interested, and thereafter you shall receive notice of all proceedings affecting the said property

You are further notified that at the trial of the issue of just compensation, whether or not you have answered or served a notice of appearance, you may present evidence as to th amount of the compensation to be paid for the property in which you have any interest and you may share in the distribution of the award of compensation.

Is There One Answer?

As Thomas B. Read once said, "People will tell you the truth is simple. Half-truths are simple. The whole truth is the most complicated thing in God's universe."

The same applies to the complex problems of health and disease. Avoid the quack, charlatan, and cure-all type of healer. They can do you no good. Look, rather, to your family physician in all matters pertaining to health. He alone is qualified by training and experience to diagnose and treat disease. If medication is required, we are prepared to render prompt service.

MAKE YOUR GRASS PAY WITH HEAVY WEIGHT CALVES

D. Howard Doane, founder and chairman of the 35—year—old Doane Agricultural Service at St. Louis, owner of 1,000 acre Grassland Farms at Columbia, Mo., reports ——

"Tests have shown that grain feeding is not a requirement for high quality beef. We can produce it ON GRASS ALONE.

This summer, 1954, was our hottest and dryest during all our weather records. I ran a bunch of 22—month—old SANTA GERTRUDIS steers with a bunch of 28—month—old white-faced steers.

For 150 days from April to September, the SANTA GERTRUDIS gained 305 pounds, or 2.03 pounds per day, while the white-faced gained 163 pounds, or 1.08 pounds per day."

Mr. Doane foresees a spread of SANTA GERTRUDIS in the Mid-South. They can stand cold weather as well as they do hot.

YOUR MOST IMPORTANT ENGAGEMENT OF THE YEAR!!

TIME: Saturday, March 12

PLACE: Grenada Elementary School

PURPOSE: A vote to support and maintain our traditioual system of locally controlled schools.

Our citizens, white and colored, believe that segregated schools will best serve the interests of our children. Your support of the proposed bond issue will give the school facilities to make this possible. The Rotary Club, the Kiwanis Club, the Lions Club and the Chamber of Commerce have all thoroughly investigated the purpose and need of this bond issue, and have unanimously endorsed it. They join in urging the voters of Grenada to approve this bond issue. Watch for later announcements of the endorsement by other local civic organizations. Join with these public spirited organizations in support of this most vital project.

Polio Executive Group Met Tuesday Night

On Tuesday evening, March 1st the Grenada County Chapter of the National Infantile Paralysis Foundation met for an annual business session at a supper served at the Monte Cristo. Twelve were present.

The meeting was presided over by Mrs. Charles Perry, in the absence of her husband, Charles Perry, Grenada County chairman. Mr. Perry is ill with a cold.

Miss Bea Feltus 1955 Fund Chairman announced a total collection of $7,682.92, and that one half of this amount, after the drives' expenses of approximately $163.00 was deducted, has been mailed into the National Fund. Letters from Dr. Underwood and Mr. Anthony, state worker, were read, congratulating Miss Feltus and co-workers on the best drive Grenada County ever had, and stated that Grenada County's contribution was the first received in the state headquarters.

The following citizens were named by the nominating committee to serve during the coming year and through the 1956 Fund Drive:

Chairman, John Gray; Vice Chairman, Charles Perry; Secretary, Mrs. George Garner; Treasurer, Joel Batson; Member of the Executive Board, Mrs. H. B. Benthall; Chairman of Women, Mrs. Rodney Debenhausen; Chairman of School, Mrs. W. H. Feltus; County Publicity Chairman, Mrs. W. W. Whitaker; Medical Advisor, and 1956 Fund Drive Chairman to be announced.

Present were Mrs. George, Miss Feltus, Mrs. C. B. Bailey, Mrs. W. W. Whitaker, Mrs. Coats Ivon Hardy, Mr. and Mrs. E. M. Grimes, Mr. and Mrs. Joel Batson, Milo Ketchum, Mrs. Benthall and Mrs. Garner.

Changes In Gulf Organization

7-51 Shipp and Pop Anderson have sold out at 7-51. Bill Lott has left Gulf Service Station to begin politicking for Justice of Peace. 7-51 Shipp has taken over the Gulf Station. Pop has started on a month's fishing. B. J. Anderson Jr. and a new crew have taken over 7-51.

Good luck to all of them.

FRUIT CAKES AND GLAZES

Care of Fruit Cakes

Most fruit cakes keep well if given proper care. There are several methods of keeping them. One is to saturate a piece of clean cheesecloth with liquor, wrap it around the cake, then wrap in waxed paper and store in airtight container. This should be repeated about once a month. If this method is not used, the cakes should be wrapped in wax paper and stored in an airtight container with a whole orange or apple in the container. As the fruit loses its moisture and becomes shriveled, it should be replaced.

Black Fruit Cake

3 cups sifted enriched flour
1 tsp. baking powder
½ tsp. salt
1½ tsp. cinnamon
½ tsp. allspice
½ tsp. cloves
1 cup seedless raisins, washed and drained
2 cups seeded raisins, halved, washed and drained
2 eggs, beaten
¾ lb. (1¾ cups) citron, finely chopped
¼ cup grape juice
¼ lb. (⅔ cup) candied orange peel, finely chopped
½ tsp. baking soda
¼ lb. (⅔ cup) candied lemon peel, finely chopped
½ tsp. nutmeg
½ lb. figs, chopped
½ lb. pecans, coarsely chopped
½ cup butter or margarine
1 cup brown sugar, firmly packed
1 cup currants, washed and drained
1½ tsp. vanilla extract
½ cup molasses

Combine and sift powder, baking soda, spices. Dredge fruit and nuts with 1 cup of flour mixture. Cream butter or margarine; add sugar gradually. Cream together until light and fluffy. Add eggs, vanilla, molasses and grape juice; blend thoroughly. Add fruit and nuts. Fold in dry ingredients. Pour into 4 greased and waxed paper lined 7"x3"x2½" loaf pans. Bake at 300° for 2-2½ hours. YIELD: 4 1¾ lb. fruit cakes.

Decorated Uncooked Fruit Cakes

Fruit cakes may be decorated with glazed fruit, candies, nuts. Remove fruit cakes from oven 20 minutes before baking is completed. Apply decorations. They may be dipped in egg white, corn syrup or just touched with a little reserved cake batter to make them adhere. Return fruit cakes to oven for 20 minutes.

Brown Sugar Glaze

½ cup brown sugar, firmly packed
⅓ cup light corn syrup
⅓ cup water
2 tbsp. lemon juice

Combine sugar, syrup, and water. Cook over low heat; bring to boiling point and boil 2 minutes. Add lemon juice. Use while warm. YIELD: 1 cup glaze.

White Sugar Glaze

Substitute ½ cup granulated sugar for brown sugar and proceed as in brown sugar glaze. YIELD: 1 cup glaze.

Corn Syrup Glaze

Combine equal amounts of dark corn syrup and water. Simmer 4 minutes. Brush glaze over top of warm fruit cakes. Decorate with candied fruits and nuts. Brush additional glaze over decorations. Return to oven for 10 minutes.

Honey Glaze

Heat Honey. Brush over warm fruit cakes. Decorate with candied fruits and nuts. Brush again with warm honey.

SEEN, HEARD & TOLD
BY THE EDITOR

Judging from reading the Deer Creek Pilot's announcement column, the offices of Chancery Clerk and Circuit Clerk are combined into one office in Sharkey and Issaquena counties. It looks that combination could be made in this small county in the interest of economy.

Landron Vaughn, I hear, is showing signs of running for sheriff. While he was on the city's force he made what I thought, was a good police officer. Sax Weir, who had not even heard anything about the matter of running, was highly in favor. He wants everybody to run for something because either he or Hamp might get a shave or a haircut out of each candidate. We have room in the announcement column for Landron. We too get a little toll out each candidate.

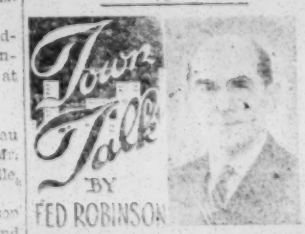
Rev. and Mrs. Knight Clark of Hollandale visited Thursday afternoon in the home of their parents Mr. and Mrs. W. B. Rook. This is Mrs. Clarks fgirs visit to the community since last November due to ill health.



Two or three years ago we wrote a piece about the old fashioned doctors who would ask to see your tongue as he calculated his diagnosis of your ailment. Well doctors don't do that any more, but the people of the world do. You see, after we have heard people talk a little we usually can tell what kind of thinking they have done. With this as a background we told the Sunday school department this morning about Peter when he foun dhimself in the uncomfortable position of being accused of belonging to a group of followers of Jesus. Peter had denied his identity once but in order to prove that he was not "one of them" he let go a few curse words and of course that did it. (Matthew - 26:69-75. There must be some good reason why that incident was so carefully recorded and preserved down through the years, and it just may be that it was then as now a good sign that a person is not a follower of Jesus if that person practices the use of profane language - which by the way is the weakest language in all the world - and whenever and wherever we hear men and women cursing we readily classify them as persons whose thinking is not up to par. A few years ago we heard a candidate for a pretty high office make a fine speech. His every word wsa assuring and agressive and you could feel the audience was with him. But in the last 30 seconds he let us see his tonghe - that is he let fall a half dozen lurse words and one could just feel the let down of the crowd - and I guess the man will never know it, but he knocked the scaffolding right out from under him which he had so carefully escalated to the edge of [illegible]

ADVENT OF SPRING HERALDED BY COMING PILGRIMAGE EVENTS

The advent of Spring in Mississippi, usually heralded around March 1st by blossoming multi-colored azalea and camellia gardens, is the signal for a series of interesting and entertaining pilgrimages to some of the finest old Southern mansions and gardens to be found in the Southland today.

The first of the Spring pilgrimages takes place at historic Natchez, one of the oldest and most colorful cities on the Mississippi River. During the period March 2-31 Natchez residents turn back the pages of history and live again as their ancestors lived a century or more ago. Close to 20 homes are opened to visitors during this month-long event, brilliant pageants are staged the while for the period, interspersed by old-time Spiritual singing and pageantry by Negro citizens of the city.

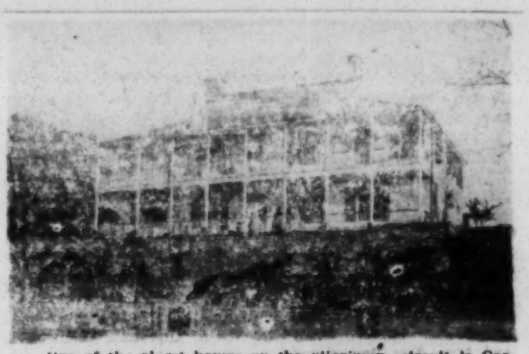
Simultaneously, Vicksburg, 69 miles up-river, stages its annual Dixie Showboat days aboard the Steamer Sprague, world's largest stern-wheeler. These old-time melodramas include such billings as "Gold in The Hills", or "The Dead Sister's Secret", and playgoers are encouraged to enter into the spirit of the occasion. Dates of showings are February 25-26-28, March 2-4-5--9-11-12-14-16-18-19-22-23-25-26-28-29, April 1-

Another Mississippi pilgrimage in March will also be conducted at Columbus, earliest mentioned place in Mississippi historical records. About 15 lovely old homes and gardens will be opened during March 24-25-26-27, and added attractions will include a big pageant March 26th, plus art exhibits and a spring dance presentation by students of Mississippi State College for Women, first state-supported college in America exclusively for women.

A third important pilgrimage event follows on April 22-23-24 at Holly Springs in the northern part of the state. A dozen or more unique homes, built in the 1840's and '50's and furnished lavishly by their wealthy planter owners, will be open to the public during this period.

Along the Mississippi Gulf Coast, visitors will get an opportunity to see another type of architecture during the week of March 23-29th. At this time the Mississippi Gulf Coast Council of Garden Clubs stages its annual pilgrimage.

The Natchez Pilgrimage, staged now for more than a quarter of a century, offers visitors the greatest number of ante-bellum homes and the longest period in which to see them of any of the homes and garden tours.



One of the oldest homes on the pilgrimage circuit is Connelly's Tavern in Natchez, built in 1795 during Spanish rule of the city and reflecting provincial architecture of the rulers of the day. In 1797 the American flag was first raised on this site by Andrew Ellicott, sent from Washington to survey the line between the United States and Spanish territory. Ellicott kept the flag flying a year in defiance of Spanish objections. Aaron Burr is said to have planned his defense here following his arrest for treason.

Ladies of the pilgrimage cities serve as guides in pilgrimages held in Holly Springs, Columbus and Natchez. These costumes, typical of the period in which many of the old homes were built, help create the atmosphere of gracious living as practiced by their ancestors. A far cry from the genteel behavior of these ladies is the threatening gesture of the hero and villain in a scene from the Dixie Show Boat plays.

There's Connelly's Tavern, built before the turn of the nineteenth century, where Aaron Burr and Blennerhasset held secret conclaves and where the American flag was raised for the first time in the lower Mississippi Valley in defiance of Spain. It is today the home of the Natchez Garden Club.

Stanton Hall, headquarters of the Pilgrimage Garden Club, also is open to visitors for sightseeing or for an overnight stay. A chartered ship brought furnishings and materials for this magnificent mansion, one of the city's most impressive.

Other homes on tour are the Briars, birthplace of Varina Howell who here wedded Jefferson Davis, only president of the Confederacy, in 1845; The Elms, built during the Spanish era; Longwood, weird and ghostly mansion of Dr. Haller Nutt, construction on which was interrupted at the outbreak of the Civil War.

Others include Monteigne, D'Evereux, where Henry Clay was entertained; Melrose, inspiration for a current silver pattern; Magnolia Dunleith, surrounded by 2-story columned galleries; Green Leaves, Elgin Plantation, Gloucester, Hawthorne, Monmouth, Twin Oaks, Linden, Glenwood, Hope Farm, Bontura, The Burn, Arlington, Rosalie and dozens and numbers of others.

The pilgrimage idea, which originated in Natchez in 1932, has been responsible for contributing its share of the tourist business which the state has enjoyed during the last decade. It also has made possible the preservation and in many cases the restoration of scores of valuable historic structures.

The annual spring pilgrimages are further proof of Mississippi's right to the title "Hospitality State."

"JIM BO" IT SWIMS

INTRODUCING

JIM BO—the most sensational invention in the history of fishing—the artificial minnow that swims. No more lures back to bog. This is the lure sensation of the 20th century.

IT SWIMS—on top, down or mid; it makes as long as you leave it in the water. Swims by unique process of balance and gravity. Fish love natural shape—in paint, texture, gold, bass. Any fish that will strike a minnow will strike JIM BO. This is no gadget. Looks and swims like a live minnow.

This is the lure of all lures—beautiful silver bait plastic. Buy one for your friends also. Satisfaction guaranteed. Send $2.00 only, for each lure. Send check or cash. We pay postage. Sold by mail only.

Homely Doings In Grenada In 1886—1887

The following items came from a random review of the file of 1886-87 of the old Grenada Sentinel:

Drew Roane left one day last week for school in Tocapola, and poular representative, J. C. Longstreet, spent the holidays here, and the IC offered excursion rates to Memphis for $3.00 round trip, and Miss Georgia Jones and Hon. W. V. Moore were married in Oakland, and Mr. John Georges saloon was highly praised in a short editorial, and Lamkin and Duncan offered two carloads of stoves for sale and Mr. B. L. H. Wright was advertising his cotton shed, while A. Summerfield and Brother had a page ad on the front page advertising a big sale of merchandise, and Mr. J. W. Buchanan, the editor, has his slogan "Be Just and Fear Not", conspicuously displayed, and the charter of Incorporation of the Bank of Grenada was published, and Whyte Whitaker cut quite a "dash" in his new stovepipe hat, and a goodly number of fox hunters foregathered with Capt. J. J. Slack, and "Peck's Bad Boy" was shown at Mullin Hall

Grenadian's Father Dies Last Week

Mr. and Mrs. Carroll Blythe were called to Booneville on Wednesday of last week, because of the sudden death at 3:30 in the afternoon of Mr. Blythe's father, Mr. William Henry Blythe, 79, a resident of Booneville.

The deceased was a salesman and farm owner, however he had been in ill health for the past year.

Services were conducted Thursday at 10:30 a. m. at the McMillan Funeral Home, with Rev. J. C. Christian officiating. Interment was in the Booneville Cemetery. He is survived by 3 other sons, and two sisters.

Two Grenada Matrons Hurt In Wreck

Mrs. F. T. Gerard and Mrs. Selwyn Jones who were painfully injured in a car wreck, which involved 4 cars, are both improving at hospitals. Mrs. Jones is in Grenada Hospital being treated for a severe cut on her forehead and numerous bruises and shock. Mrs. Gerard is under the care of her nephew, Dr. Moore Moore Jr., noted Orthopedic surgeon who has his office at Methodist Hospital in Memphis. She suffered a broken bone in her left arm at the elbow, also a fractured rib, and multiple bruises.

The accident occurred Wednesday, Feb. 23 2 miles South of Enid on 51 about 6:30 in the evening. Four cars were involved according to Patrolman Wayne Wenger. Mrs. Gerard's Chrysler sedan (she was driving) collided with a cattle truck owned by R. D. Anderson of Flora, Miss. and both drivers lost control of their cars, then the cattle truck struck a Knox Glass Co. truck and Mrs. Gerard's car struck a car with an Illinois license. All vehicles were damaged and occupants shaken and bruised.

Mr. and Mrs. Raymond Wilson and Tobia spent Sunday in the delta.
